*“Per oltre mille anni
abbiamo vegliato su Venezia.
Il nostro non era un compito,
ma una missione.*

*Accrescere la gloria di una città unica.
Chiunque arrivasse qui
rimaneva abbagliato da tanta bellezza.*

*Una bellezza
che ha conquistato il mondo.*

*Una bellezza
che ha illuminato il lato più vero
delle persone,
le loro anime”.*

“For over a thousand years we watched over Venice. Ours was not a task, it was a mission:
To increase the splendour of a unique city. Every visitor was dazzled by its beauty that conquers.
Beauty that lights up the true side of people. Their souls”.

Il segreto di Venezia è la luce. Una luce che non smette mai di stupire, in tutte le sue imprevedibili sfaccettature, regalando sempre nuovi volti ad una regina dalla bellezza millenaria. I Maestri Vetrai hanno fatto tesoro di questo segreto, arrivando con le loro opere a creare gli omaggi più indelebili a tanta bellezza. È un segreto che pochi custodiscono. Ancora più esclusiva è la cerchia di coloro che riescono a tenerlo vivo nel tempo. Sylcom da 50 anni ha raccolto questa preziosissima eredità, assimilandone le tradizioni e interpretandone, attraverso le generazioni, le infinite potenzialità. Un privilegio riservato a pochi. Un dono che si regge su tre pilastri: lo stretto legame con Venezia, la consapevolezza del valore delle risorse umane e delle loro uniche abilità, oltre al rispetto dell'ambiente circostante. La luce può svanire in un attimo e la bellezza perdersi. Sylcom esiste perché questo non accada mai.

The secret of Venice is its light. With its unpredictable intensity it offers ever-new facets to a queen of ancient splendour, never failing to amaze visitors. Venetian master glassmakers have made good use of this secret, creating splendid works of art that capture its unforgettable beauty. The secret is treasured only by a select few. And even fewer are those who succeed in keeping it alive over time. For more than 50 years Sylcom has been developing this precious heritage, assimilating its traditions, and interpreting its infinite potential through the generations. It's a privilege reserved to very few persons. A precious gift based on three mainstays: a strong bond with Venice, awareness of the unique capabilities and value of human resources, respect for the environment. In an instant the light could fade out and beauty could be lost. Sylcom's purpose is to never allow that this happen.

Le mani costruiscono, danno forma alla creatività, le mani raccontano. Quelle migliori trasmettono e tramandano nel tempo. Ecco perchè è importante essere in buone mani. E se una stretta può ispirare fiducia, si immagini dunque cosa possano fare tante mani che si muovono in perfetta armonia, come gli strumenti di una filarmonica. Il valore aggiunto d'impresa maturato in Sylcom si basa proprio su questo: un'orchestra al cui interno trovano spazio i vari strumenti che dialogano tra loro in sintonia dando vita, attraverso la luce, ad indimenticabili emozioni di vetro. Uno spartito grazie al quale i solisti, sostenuti dal valore del gruppo, possono regalare al cliente quell'emozione tanto intima, privata e preziosa che va cercando. Nella consapevolezza che solo bilanciando l'armonia di gruppo si otterrà quella qualità propellente di un circolo virtuoso in cui le mani, le buone mani, in Sylcom hanno un ruolo da protagoniste.

Hands are able to create things, give form to creativity, narrate and reveal. And the very best pass on their expertise from generation to generation. That is why it's very important to be in good hands. A simple handclasp is able to convey trust. Imagine what many hands working in harmony like instruments of a philharmonic can achieve. That's what Sylcom's added value is precisely all about: an orchestra that includes a variety of instruments that dialogue in synch by way of light, fashioning incomparable glass creations. A music where soloists and valuable teamwork are combined to offer customers the precise, precious quality they were looking for. Sylcom products convey quality at first glance. A quality achieved only through the coordinated harmony of expert hands that perform such a vital mission for our customers.

Piantare solide radici nel proprio territorio non significa solamente legare ad esso la produzione, ma anche impegnarsi seriamente per proteggerlo. Nel 2009 Sylcom riceve la più importante certificazione in campo ambientale: la ISO 14001:2004 per la produzione del vetro soffiato e piastra. La prova concreta di un impegno tangibile nei confronti del territorio. Delle radici sane a disposizione della crescita per le generazioni future.

Having roots planted solidly in one's own territory does not only imply the production carried out there but also a strong commitment to its protection. In 2009 Sylcom received the most important environmental certification: ISO 14001:2004 for the manufacture of hand-blown glass and sheet glass. The certification is the tangible proof of the company's commitment to safeguarding the territory. Its vigorous roots for the growth of future generations.

Sylcom ha ottenuto dall'Istituto per la Tutela dei Produttori Italiani la Certificazione Made in Italy 100%: un riconoscimento che, attraverso scrupolosi controlli, è l'unico ad assicurare l'effettiva realizzazione integrale del prodotto in Italia, senza possibilità di equivoci.

Ogni creazione Sylcom è corredata di un proprio bindello di garanzia, rilasciato direttamente da promindustria S.p.a., con un codice di numerazione progressiva che ne attesta la totale autenticità. Immettendo il proprio codice numerato nel sito internet www.madeinitalycert.it, il cliente può verificare e rintracciare integralmente l'origine e la produzione del prodotto.

The national agency for Safeguarding Italian Manufacturers has recently awarded Sylcom with the 100% Made in Italy Certification. This significant acknowledgement is awarded based on a series of stringent controls and inspections and is the only certification which guarantees that the product has been manufactured entirely in Italy. All of Sylcom products are sold with a guarantee certificate issued by promindustria S.p.a. Each certificate is printed with a progressive code number indicating product authenticity. To trace product origin and production access the agency's website, www.madeinitalycert.it, and simply enter the code number provided on the certificate.

Pisani 1430

DESIGN
Sylcom Glass Design

Pisani ci emoziona per l'aspirazione verticale e avvolgente allo stesso tempo. Come una dolce cascata il vetro dà l'impressione di fluire con grazia soprannaturale donando un tocco di eleganza all'ambiente.

Pisani offers a captivating design which is both vertical and enveloping. Like a softly flowing cascade of precious glass, it provides the environment with a touch of magical refinement.

Venier 1420

DESIGN
Sylcom Glass Design

Il Doge Sebastiano Venier tornò a Venezia da vincitore dalla battaglia di Lepanto: una personalità forte e dominante la sua, come decise sono le linee di forza della serie che si ispira al suo nome. La luce arriva dall'alto avvolgendo con aurea risolutezza chiunque si appresti a questi prestigiosi oggetti.

After the battle of Lepanto the Doge Sebastiano Venier returned victoriously to Venice. He had a strong, dominant personality, just like the style of the collection that bears his name. The light is projected downward, providing ultimate finesse and character to the environment.

the result: a truly spectacular work of art.

“Io sono l’apice della maestria, la splendente testimonianza di un sogno artistico figlio della tempestosa unione della sabbia e del fuoco. La luce dimora e risplende in me maestosa, una luce che racconta secoli di viaggi, di scambi e di conquiste, di culture che in me trovano perfetta sintesi. Io racconto una storia millenaria: le mie forme incantano con i loro infiniti segreti che solo la più alta conoscenza dell’arte del vetro è in grado di esprimere.”

“I am the acme of artistry, the splendid testimony of an artistic dream. The offspring of the tempestuous fusion of sand and fire. Light dwells and shines majestically within me, narrating many centuries of voyages, exchanges, conquests and culture, which I perfectly synthesize. I tell the story of a thousand-year history. My styles never fail to enchant with their endless secrets that only superior knowledge of the glassmaker’s art is able to express.”

“A bordo dei miei ponti si usava celebrare una delle più antiche tradizioni veneziane, lo sposalizio con il mare, in un’unione simbolica tra l’insaziabile aspirazione umana e le forze della natura. Il mio nome è perciò impresso nella storia, destinato ad essere ricordato per sempre”.

“One of Venice’s most ancient traditions was celebrated on board my decks: the Marriage to the Sea, a symbolic ceremony between insatiable human aspirations and the forces of nature. My name is therefore recorded in history, to be remembered forevermore”.
