Cane-line®

CANE-LINE

Cane-line is a Danish design company with over 25 years of experience in designing and manufacturing functional and comfortable furniture, intended to suit your individual needs.

Life made comfortable is the very essence of Cane-line. All over the world our mission is the same – to make life comfortable and add value to life and the places where you unwind and relax. We are constantly focusing on quality and comfort in both products and life to ensure that our furniture is made with the greatest care for the environment and well being of people.

Cane-line Elements is a vibrant and living collection of unique design elements based on functional, timeless and socially responsible principles. Inspiration has been life and nature around us and the aim is to make life comfortable. Create your personal style with Elements fashioned in Scandinavian colours and innovative designs.

SMALL SPACES

We experience tendencies of new decorating styles and new ways of living. We take nature inside, we decorate with plants and flowers, express ourselves with furniture designs in natural materials. At the same time we prolong living outside with orangeries, outdoor kitchens, lounge sofas and dining furniture that can stay outside all year. These trends set new standards for new flexible furniture designs and accessories which can easily be moved around and used both inside and outside in small spaces. Such as terrasses, balconies, living rooms etc.
