Faux Plants

Built to last, our beautiful, handmade faux flower stems and exotic plants are an investment – they bring an interior up to date and can change the mood. They are crafted to the highest standard and are botanically correct. Each flower petal and leaf is screen printed or hand-painted, shaped by hand and applied to the stem.

Gallery designers take great care with the colours used in the 'Collections'. The limitations of the printing process may mean a slight variation in colour. Every reasonable care has been taken to ensure that the reproductions are accurate. Descriptions in the catalogue are approximate only. Due to the nature of the product and its manufacture, there may be variations in materials, colour, size and finish.

We always seek to improve our product and reserve the right to make changes at any time without notice. This catalogue supersedes all previous issues.
