OUR STORY

Established in 1973 as a small family run business, Gallery Direct has grown to become the leading British based designer, manufacturer and worldwide distributor of furniture, home décor and accessories, committed to offering a one-stop solution for all your interior furnishing needs.

Our manufacturing centre of excellence is proudly based in Wiltshire, where our Made To Order products are made one by one. By combining modern production techniques with passionate and experienced craftsmanship, we are proud to deliver a level of service, quality and value that is unsurpassed, with the attention to detail and care that you would expect from Gallery.

From initial idea or concept through to production, packaging and marketing, our large in-house design and development team contains the knowledge, passion and skills required to create the unique products at the heart of Gallery.

Our skilled craftsmen have decades of knowledge and expertise to design and make the most stylish and comfortable mattresses, divans and sofabeds, allowing you and your guests a relaxed and peaceful night's sleep for years to come.

Uniquely, our upholstery and mattresses are made under one roof the traditional way, using generations of skills and expertise.

58 new fabric options

Our new collection of 58 fabric options have been carefully selected to offer a variety of textures and finishes, adding the final touch to our collection of Made to Order products. With a multitude of colour options, we are sure to have an option to suit all interiors. All available in CRIB 5, we have made sure to cover all aspects from home to commercial use, and with Martindale tests of up to 100,000 cycles, you can have peace of mind that all of our Upholstery will stand the test of time both in style and durability.

Here at Gallery we are proud that our mattresses, divans and headboards are made in the traditional way using the finest natural fillings and time-served upholstery and manufacturing skills. Using natural fillings such as British wool, silk, pashmina, cashmere and cotton in our mattresses, we create a mattress which is truly sumptuous and luxurious.

We are renowned for working closely with trade and retailers to give them their own perfect sleep solutions.

This is why our collection provides a perfect reference to create your own, bespoke range of beds and mattresses.

Utilising our in-house design team, our focus is to promote your brand in the best possible way and give your customers the best possible products.

New technology

Working with our suppliers, we have been able to bring new revolutionary technology to the mattresses with properties that help give the best sleep. Extra airflow, heat dissipation and anti allergen using microcapsules containing natural probiotics make these mattresses our most technological advanced yet.

Handcrafted

All of our mattresses have been built the traditional way, using skilled craftsmanship to bring a touch of luxury to our collections. Featuring up to 4 rows of Hand Side Stitching and hand tufted covers, we make sure there is care put in to every mattress we make.

Not just for home

For projects that are targeted more for the commercial market, we've developed our range of mattresses to be not only compatible for home, but also for Crib 5 contract use. We've highlighted the ranges applicable to give you peace of mind when choosing for your project needs.

The finest fillings

We work with the best fillings to give all of our customers the comfort they deserve. Using natural fillings such as British wool, silk, alpaca, cashmere and cotton in our mattresses, we create a mattress which is truly sumptuous and luxurious.

Finishing touches

The finishing touches really complete a product and bring a sense of care. Our chrome Vents and Flag Stitched Handles feature on a number of our mattresses, offering air flow keeping it fresh and odour free, while the handles help when needing to rotate the mattress.

Please note : The above mattress is for display purposes only.

The finest materials

A comfortable mattress is key to a good night's sleep, but everyone is unique and therefore we believe offering a choice to suit different preferences is important – one mattress does not suit all! We select only high quality raw materials, carefully combining different fillings to achieve the desired feel to each mattress.

Alpaca

The most premium and luxurious of our materials, Alpaca is soft to the touch thanks to its extremely fine fibres. The perfect material for allergy sufferers, Alpaca fibres do not naturally harbour allergens.

Cashmere

Cashmere adds an extra bit of luxury to our mattresses thanks to its extraordinary softness. Its finer fibres offer a more luxurious feel whilst absorbing moisture to keep you cool and dry night after night.

Cotton

Strong and durable, cotton is a naturally soft fibre providing great comfort and support. Often found in the top layers of a mattress to give an overall softer feel to the surface and a more comfortable sleep.

Latex

Adapting to body shape and movement as you sleep, latex is an elastic, responsive and natural material, offering excellent comfort and durability. Its natural breath-ability helps to regulate body temperature all night long.

Luxury Fibre

Used to add layers of comfort, our luxury mixed fibres have good recovery properties, allowing your mattress to bounce back.

Silk

This wonderful natural material offers moisture control and comfort, helping to create a cooler, fresher sleeping environment.

Wool

With its soft feel, breath-ability and durability, wool provides that extra layer of comfort whilst regulating the body temperature. Being a natural filling, no harmful chemicals are required making it anti-allergenic.

Pocket Spring

Designed to give support and comfort, each encased in its own pocket. Every spring adjusts to the shape of your body and helps to prevent 'roll together'.

Hand made in our Wiltshire factory,
our brand new mattress collection
explores every requirement needed
for a good nights sleep. With a wide
choice of styles, finishes and fillings,
this collection offers a unique
combination of the highest quality
and exceptional value...we believe
that there's nothing else quite like it!
