

TABLE

CONFERENCE

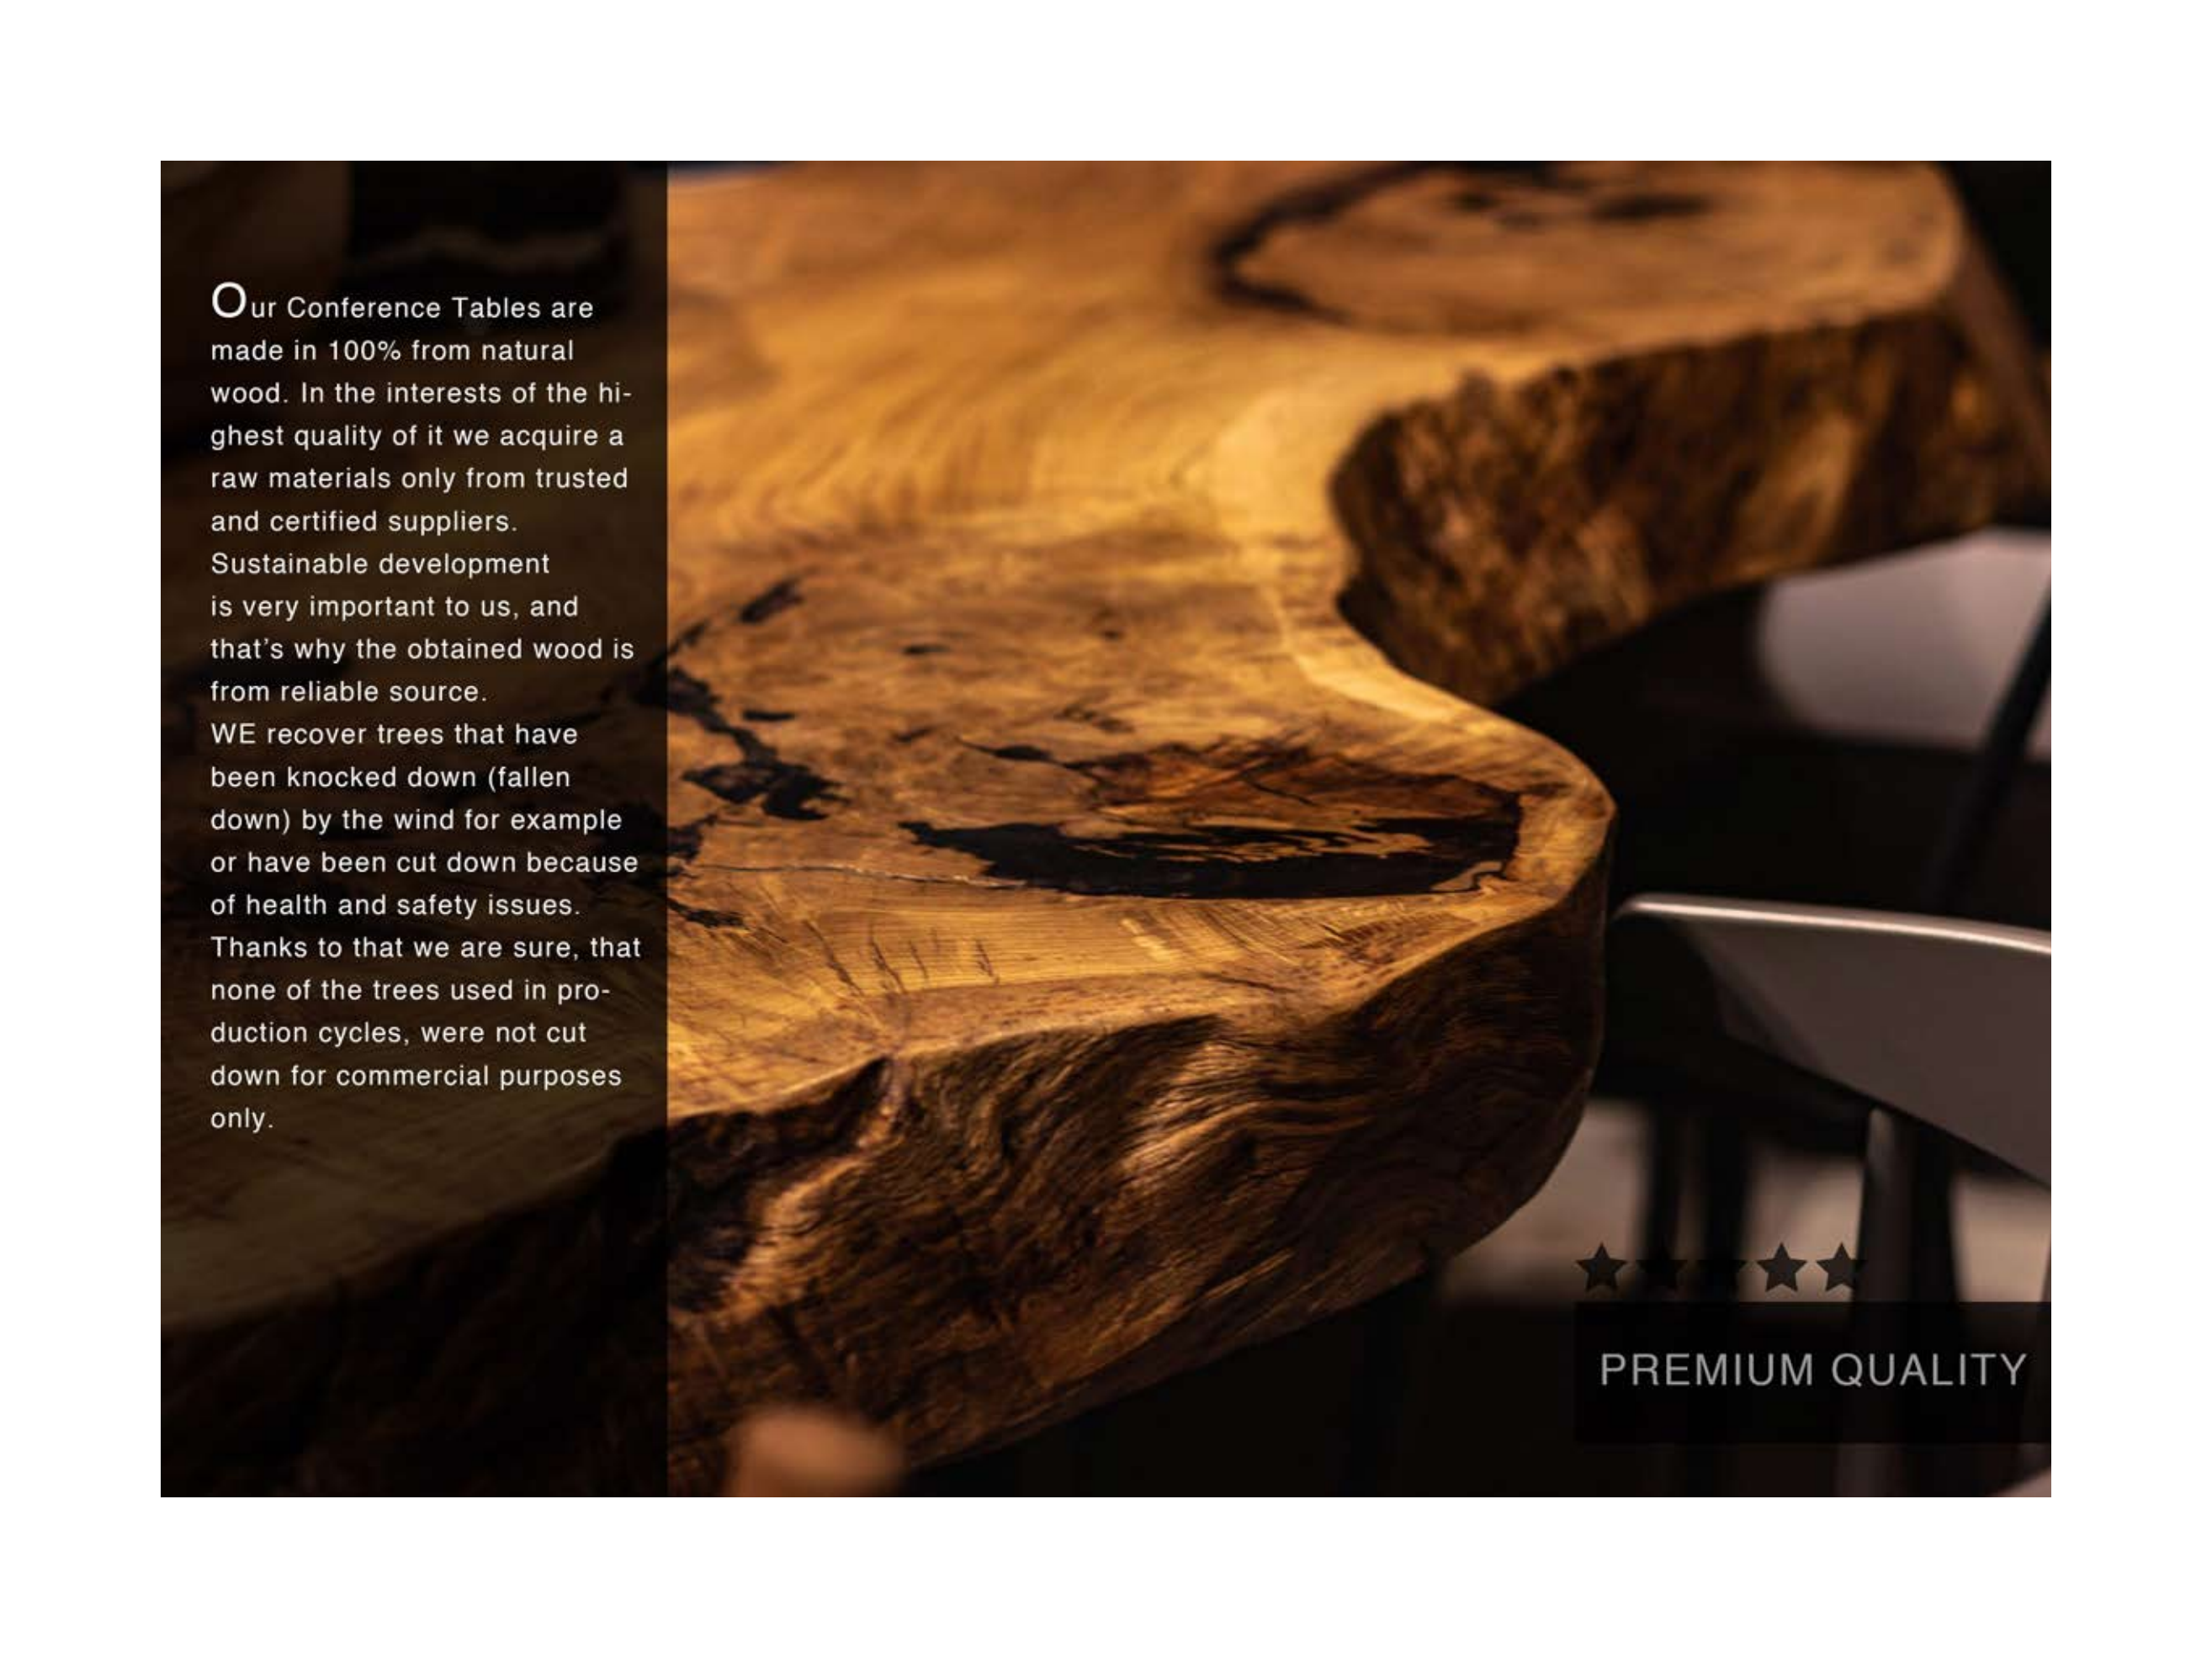

”

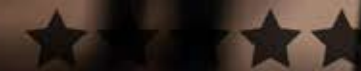

“Challenges are what make life interesting and overcoming them is what makes life meaningful.”

The conference table is a product that combines an exclusive look with specially mounted media ports. These tables reach a length of up to 5 meters and even 10 cm thick. These numbers show the above average of this product. The amount of work input in creating such a table has already been appreciated by many business clients.

Our Conference Tables are made in 100% from natural wood. In the interests of the highest quality of it we acquire a raw materials only from trusted and certified suppliers. Sustainable development is very important to us, and that's why the obtained wood is from reliable source. WE recover trees that have been knocked down (fallen down) by the wind for example or have been cut down because of health and safety issues. Thanks to that we are sure, that none of the trees used in production cycles, were not cut down for commercial purposes only.

PREMIUM QUALITY

It's
your table

Thanks to the possibilities of customisation, You will be able to arrange Your meetings space whatever You like. Also You will adapt it to Your needs the way You want, so You will be able to focus on what's the most important for You.

Check out

LIVE EDGE

It's not just dynamic and unusual form, which makes our product so interesting, but also connectivity to the nature, so extremely valuable to us. Our goal is to show its natural beauty in the simplest way possible, without any ornaments necessary here. (With any ornaments unnecessary here)

SPECTACULAR THICKNESS

From Our offer You can choose whatever You like. We offer products from 30 to even 140mm different thicknesses. The choice is Yours.

MEDIA PORTS

Would You like to ensure Your place of work more multifunctional? Then Media Port is solution for You. Thanks to it everything You need is in one place. Tangled cables around can makes Your work harder for sure, and a space around You doesn't look esthetic at all.

100% ECOLOGICAL

Our Conference Tables are impregnated with completely natural and ecological oils. Those preparats are totally safe for Your health and environment as well.

100% WOOD

Our products are made from solid natural wood in 100%

Why Handicraft ?

- unique style
- modern design
- professional advice
- 100% handmade
- natural product
- individual project

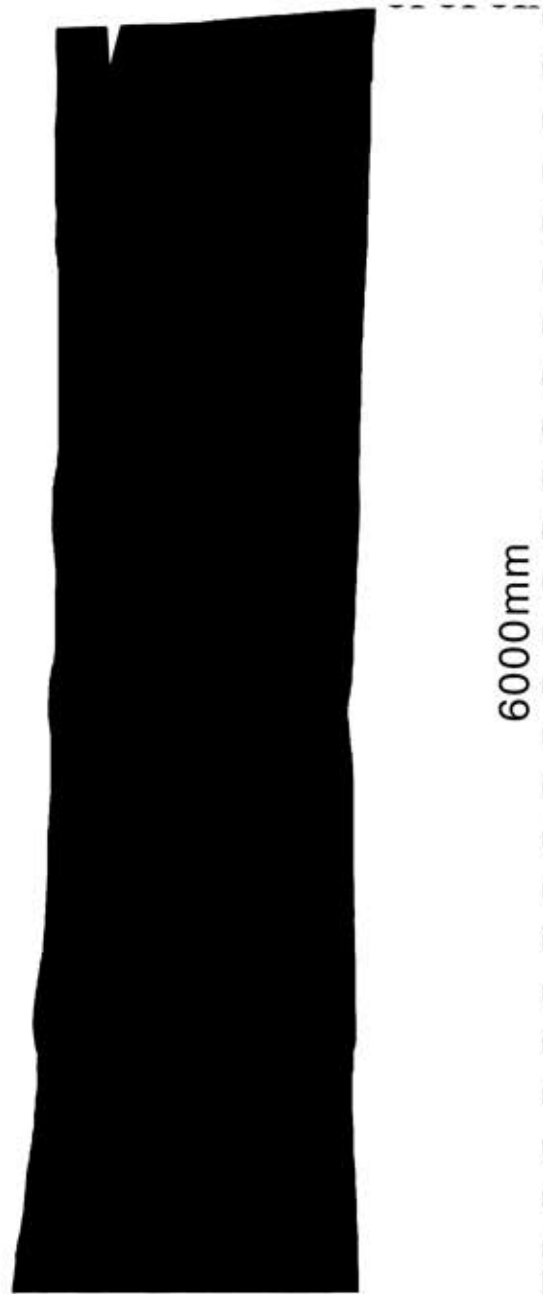

Natural Size

Conference Tables are produced from Monolith, which means they are made from one piece of wood. That's why they are so special. Many years must pass before the tree reaches the right size, so the tables made from that wood have a great value for us. Our goal is to highlight its history and natural beauty. Therefore our Conference Tables are made from the Monoliths, no other similar exhibit exists. Each one of it is unusual and unique...

100% NATURAL PRODUCTS

INDIVIDUAL SIZE

SPECTACULAR SIZE

Our products are really big. Thanks to the use of innovative technologies, we can make a product of spectacular sizes, up to **6000** mm length and **1500** mm width.

The size makes the product unique and special. Its monumental appearance makes the table delight at all times.

Connect the world

Mediaport is a practical product that will find its application in the office, studio but also at home. Thanks to it, you will avoid unnecessary cables and appropriate inputs will always be available. Thanks to the modern solution, we have the possibility to mount media ports in our wooden countertops. There are many input configurations that you can customize to your needs.
